

Dear FCC,  
I benefit from listening to XM Satellite Radio and its traffic and weather channels. Satellite radio provides me variety and quality that are not available elsewhere. I pay for these services and it should not be up to the National Association of Broadcasters to dictate what you are permitted to hear. I respectfully urge the FCC to reject the NAB's petition 04-160 and to support XM's ability to provide the kind of programming that I demand and deserve.

Respectfully,  
Paul R. Kohler
